I have seen a [used BMW 3 Series](#) for sale at an independent retailer in Kent. I have always dealt with a main dealer as you think you will get better service and peace of mind as a car buyer. This car dealer, called Big Motoring World in Kent, must be credible as they have been selling used cars for a long time and are well established. They also won a Motor Trader Award for Best Independent Used Car Retailer in 2010 so I might just go and view this used BMW 3 Series Convertible I have seen on their website.
